

JOHNSON CONTROLS REPAIR CENTER

We provide quality, cost-effective repairs and replacement parts, including many discontinued items, for building automation control boards, chiller control boards, access control boards and fire alarm system control boards from most major manufacturers.

REPAIR AND RETURN OF BOARDS

The standard turnaround time for repairs is ten working days. We offer one-day and three-day turnaround time when priority processing is requested. Products repaired by Johnson Controls Repair Center are backed by a full one year warranty.

Select remanufactured Johnson Controls products are backed by a three year warranty. Upgrading? The Johnson Controls Repair Center also buys used control boards, so call us for details before you remove the old system.
