Blue Sky Involve

What is Blue Sky Involve?
Blue Sky Involve encourages Johnson Controls employees to form volunteer groups that work with local non-profits or schools to support environmental stewardship, social service, or education.

2006 - 2014

- **Projects**: 7,000
- **Employees**: 111,900
- **Volunteer Hours**: 973,969

More than $7 million in grants awarded since 2006.

How does it work?

1) Employees form a team and select a local non-profit organization or school to work with on a volunteer project.

2) Approved projects receive $1,000 USD from Johnson Controls.

3) Communities around the globe benefit from the volunteer work and employees experience leadership development and team building.
